Tobacco

Brings More Money than all
Other Crops In The State
of Kentucky.

According to Census Director Durand, of Washington, tobacco is the greatest money producer per acre. The leading crops of the State for 1909 ranked in order of valuation were: Corn \$50,448,000; tobacco \$30,800,000; hay and forage \$10,200,000; wheat, \$8,812,000; potatoes, \$2,734,000; and oats, \$1,318,000. From 1899 to 1909 corn increased 117.083 acres, or 3.5 per cent. Starting with 3,021,176 acres in 1879, corn fell by 1880 to 2,990,382, rose by 1890 to 3,319,257, and again by 1909 to 3,436,340. Hence, during the thirty-year period corn has made but slight increase. The total yield in 1909 was \$3,338,034 bushels; the average yield per acre, 24 bushels; the average value per acre \$34.70.

For the decade ending 1909, tobacco showed an increase of 84,990 acres, or 22.1 per cent. Starting with 226,120 acres in 1879, tobacco rose by 1889 to 274,587, to 384,305 by 1899, and again to 409,795 by 1909. The total yield in 1909 was 398,485,301 pounds; the average yield per acre 418 pounds; the average value per acre \$84.85.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by Stockton & Son.

In 1863.

According to Col. R. R. Perry, editor of the Winchester News, who is one of the best on historical events, there was a heavy frost on August 30th, 1863. He says: "There was but little tobacco grown in Central Kentucky then, but all the crop then growing was killed. Vegetable and all other growing stuff suffered the same fate. We do not anticipate a repetition of 1863, but the sudden drop of the temperature to 60 degrees reminds us of it."

Common Colds Must be Taken Seriously

For unless cured they sap the vitality and lower the vital resistance to more serious infection. Protect your children and yourself by the prompt use of Foley's Honey and Tar Compound and note its quick and decisive results. For coughs, colds, croup, whooping cough, bronchitis and affections of the throat, chest and lungs it is an ever ready and valuable remedy. Remember the name, Foley's Honey and Tar Compound and refuse substitutes. The genuine is in a yellow package. Stockton & Son.

Won Premiums.

Mrs. George H. Myers, of this city, won many blue ties at the Nicholasville fair last week on her delicious cakes and preserves. Mr. Coleman Neff secured several "blue ties" on his White Plymouth Rock chickens and Edgar Day won more than his share of the first premiums with his great string of show horses. Madison county always gets the best of everything she goes after.

Taxes Due.

Your taxes for the year 1911 are now in my hands for collection. Come in early and avoid the rush, as well as saving the penalty, by prompt payment. D. A. McCord, Sheriff.

"I have been somewhat costive, but Doan's Regulator gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 300 Walnut Ave., Altona, Pa.

Changed His Mind.

Sheriff D. A. McCord has been so annoyed by his friends wanting to be the first to ride in his new auto that he has canceled the order and declares now he will stick to the good old horse and buggy.

A Great Advantage to Work- ing Men.

J. A. Man's, 125 S. 7th St., St. Louis, Mo., says: "For years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. My backache, nerve pain, and all my troubles, disappeared. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where it used to be a misery. Foley Kidney Pills have cured me and have my highest praise."

To New Castle.

Jailer N. B. Jones went to New Castle, Henry county yesterday where he will attend the annual meeting of the Kentucky Jailers' Association. W. S. Fitzgerald, jailer of Boyle county, is President of the organization. The program contains topics for discussion that will be of interest to the State generally as well as to the jailers, such questions as lynching, the handling of mobs and better sanitary conditions in the prisons. President W. S. Fitzgerald, of Danville; Vice President George H. Mitchell, of New Castle; Secretary J. S. Mullins of Winchester and Chairman of the Executive Committee John R. Phipps, of Louisville, in combination with the other officers, have made this one of the influential organizations of the State, mutually helpful to the prison keepers in the better discharge of their duties.

Foley's Kidney Remedy.

(Liquid)
Is a great medicine of proven value for both acute and chronic kidney and bladder ailments and for annoying urinary irregularities. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities, and the permanent relief and comfort it gives them. L. McConnell, 117 Catherine St., Elmira, N. Y., says: "Five bottles did the work for me most effectively and beyond doubt Foley's Kidney Remedy is the most reliable kidney medicine ever made." Stockton & Son.

Get Ready.

The Caldwell High School, the Normal and the Model and the different private schools of the city will begin within the next few days and once again the boys and girls will have begun a year of hard study. Everything is in readiness in all the schools for the opening. Supt. Bridges will be the new face at the Caldwell High School, having been chosen to succeed Supt. Cones. The Board of Education selected Mr. Bridges after a careful investigation of many applicants for the place and it believes the schools here have a number one man at the head.

Foley Kidney Pills.

Will reach your individual case if you have any form of kidney or bladder trouble, any backache, nervousness, rheumatism, uric acid poisoning, or irregular and painful kidney action. Before you reach the limit of physical endurance, and while your condition is still curable, take Foley Kidney Pills. Their quick action and positive results will delight you. Try them. Stockton & Son.

All at Once.

Mr. Joe Wagers is experiencing a hard run of luck lately. Lightning damaged his residence last week and also destroyed a fine steer. Last Wednesday he discovered his fine saddle mare with her neck broke. The entire loss will aggregate nearly \$600.

Throw Out The Line

Give the Kidneys Help and
Many People Will Be
Happier.

"Throw Out The Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Read this case: Mrs. T. S. El is, New Danville Pike, Lancaster, Ky., says: "I feel grateful to Doan's Kidney Pills for the benefit they have brought in my family. My back was very lame and there was a constant pain at the base of my spine. Doan's Kidney Pills went at once to the root of my trouble and entirely relieved me. Another member of my family was bothered by attacks of lumbago and at times the back was so weak and lame that walking was difficult. Doan's Kidney Pills brought relief in this case just as quickly as they did in mine. I have not the slightest hesitation in recommending Doan's Kidney Pills, as I know they live up to all claims made for them." For sale by all dealers. Price 50 cents. Foster-McMunn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Cobb Appointed.

Mr. Jesse Cobb has been appointed by the State Democratic Committee as Campaign Chairman for the county of Madison and no better selection could be made. Mr. Cobb will call a meeting at once of the party workers and make such appointments for each precinct that will insure an increased Democratic majority this fall. Mr. Cobb is one of the best posted men in this county on the political situation, and knows just how to handle the reins as a campaign chairman.

For bowel complaints in children, always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by Stockton & Son.

The Lexington papers are urging the establishment of a plant in Central Kentucky for the manufacture of tobacco products. Richmond will have one soon, if the idea of several leading growers of the county is carried out, and this has been advanced so far as to purchase a site near the depot. The wide awake growers of this county have been looking into the matter for some time and they have decided to risk their capital. As told exclusively in the Climax sometime ago, these men are determined and have received requests from all over the county for stock. The farmers of Madison will get the first call, and it is very likely that little outside money, if any, will be taken in. There is no reason why such a plant should not be located in Lexington, also, owned and operated by the Burley belt. The tobacco grown in this county would furnish enough material to keep a large force busy and the raw stuff would be right here at our door. It will bring thousands of dollars here. If the trust can buy tobacco on the local breaks at 5 cents and sell it to the consumers of pipe and cigarette at 10 cents, a manufacturer here it much cheaper and realize more profit.

Last Wednesday was the forty-ninth anniversary of the Battle of Richmond. There are many people living here today who can recall some vivid

the terrible fight and the days after. Kirby Smith with his fighting band of Confederates put to route the Yankees with twice their number and drove them from the Big Hill over the Kentucky river cliffs into Lexington, where demoralized and wounded, they were able to find relief.

One Left.

With the death of Curtis F. Moberly here a few weeks ago, it is recalled that but one member of the City Council of Richmond for the years 1872 survives, and that is Mr. W. W. Pigg.

This council was known in those days as Town Trustees and there were five. A notable work by this body was the laying out of Breck Ave., High and Oak streets. It was a corn field and Rev. Robert Breck, who owned the land offered it to the city for these improvements.

The whole town, especially the women, were loud in their condemnation of the Trustees attempting to lay out streets in an unsightly rough field, but in a short time the new addition began to build up and increased steadily. The members who have passed away are Curtis F. Moberly, James D. Miller, Samuel Freeman and Edwin Thompson.

Fierce Contest.

The ball game between the teams representing the Elks and Masons on one side and the K. of P. and Red Men on the other, resulted in a victory for the former by the score of 15 to 12.

The Red Men made a big rally in the ninth inning, but could not quite overcome the contest and both teams enjoyed a good following. Features of the game were the twisting of Charles Terrell and the first base playing of Elmer Deatherage for the Elks and Masons and the all round work of Norman and Rice for the Red Men. Both teams are eager to meet again and it may be that another contest will be arranged.

Plenty of Games.

The Base Ball season in the Bluegrass League has closed, but the local park will be the scene of some very lively games between different sections of the county. The White Station team, the Rogersville team, and two or three other good teams have been playing all during the season on Saturday afternoon. There are some good ball players among them, and as there is a great deal of rivalry, the local fans have made arrangements for the closing games to be played here.

The City Where Good Brooms Are Made.

The Paris Broom Factory owned and operated by the Power Grocery Company, of Paris, is running a full force of broom makers in order to keep up the demand for brooms. For several weeks they were behind on account of the heavy demand for their brooms, but they are now filling orders promptly. This enterprise has made Paris famous throughout Kentucky and other States as "the city where good brooms are made." The Power Grocery Co., is represented in this territory by the well known Salesman, Mr. J. E. Soper.

Examination Held.

A civil service examination for positions in the International Revenue Service, was held in the postoffice building, last Saturday morning. L. P. Adams, Secretary of the Local Board of Civil Service Examiners, conducted it. There were five applicants who took the examination. The tests were begun at nine o'clock, and five hours were consumed in completing them.

Next Week

The Kentucky Conference of the Methodist Church convenes here.

Next week will be a notable one for Richmond, as the Kentucky Annual Conference of the Methodist Episcopal Church, south, will convene here and over a hundred ministers will be in attendance besides equally that number of laymen and delegates.

It is a task to entertain the Conference, and every member of the local congregation has been busy for several days in perfecting all arrangements. It has been many years since the conference met in Richmond and those in charge of the meeting this year are bending every effort to make it a big success and have it go down in the history of the church as one of the best ever held.

Bishop Chandler, of Atlanta, will be the presiding officer. The sessions will be held in the church, the first one being Tuesday evening, when the opening sermon will be delivered, perhaps by the Bishop.

It will be a great gathering of the Methodists in the city and everybody is invited to the sessions. Rev. Crutcher, Pastor of the local church, is anxious to have as many autos or carriages as possible donated for Monday evening and Tuesday morning in order to get all visitors to their homes as soon as assigned. Those who will offer their vehicles or cars will kindly notify him.

This will be a gala week in the city and every resident in the county will join in making the annual exhibition of the Madison County Fair Association the best ever.

The 1911 exhibition, although a little late in getting started this year, promises to be up to the usual high standard. There will be plenty of horses and other show stock, as many owners have written for entry blanks and catalogs and Secretary Crutcher has letters from them saying that they will be present to compete for the rich saddle and harness premiums.

In addition to the regular exhibition, there will be balloon races, and numerous free attractions. The grounds have been put in shape and the patrons will have every convenience. The Patti A. Clay ladies will serve the dinner, which should bring every resident of the county, not only because it will be a sumptuous spread, but it is to help the infirm and maintain this great institution for the county.

The Richmond Band is practicing daily and has issued an attractive program for each day of the fair. The opening concert will be a feature of this year's exhibition. Tell your neighbor he is expected and everybody lay aside their business and come to the fair. In addition to the Madison County Fair, September 7, 8 and 9—Thursday, Friday and Saturday.

A special from Louisville tells of the death of Jordan U. Hall which occurred in New Albany, Monday. Deceased was born in Madison county, 1815, and was a veteran of the Civil War. He enlisted in the Texas War of Independence under Capt. John D. Rankin, of Owensboro, but heilities were concluded before he reached Texas with his comrades. Mr. James Ferrell was the first passenger on the ill fated L. & N. train, going east, last Friday morning to Louisville. He was the first to be killed. Mr. Ferrell was a native of New Nelson county, where he had been visiting relatives. When he heard the engineer give the danger signal, he stepped out of the train and was struck by the engine. The body was removed to the hospital and the train was allowed to proceed.

The Daily papers say it was the largest crowd ever seen in Bowling Green. All of Southern Kentucky being represented. The Senator made one of the greatest political speeches ever delivered in the state. It was a complete review of the situation in Kentucky and the nation.
